

**ABC Company Corporation
Makati Metro Manila**

<< Payroll System >>

No. of hours worked :	<input type="text"/>	Tax deduction	<input type="text"/>
Rate per hour :	<input type="text"/>	SSS contribution	<input type="text"/>
Gross pay :	<input type="text"/>	Pagibig	<input type="text"/>
Net Pay:	<input type="text"/>	Total Deduction	<input type="text"/>

Directions:

1. Create a java program using JFrame Form
2. input the number of hours work and rate per hour
3. Compute for the following:
 - a. Gross pay
 - b. net pay
 - c. ss contribution
 - d. pagibig contribution
 - e. total deduction

formulas:

gross pay = no. hours worked * rate per hour

tax deduction= 5% of the gross pay

sss contribution = 3% of the gross pay

pagibig = 2% of the gross pay

total deduction = ss + pagibig + withholding tax

net pay = gross pay – total deduction
